## CHAIRMAN'S REPORT

This has been a watershed year for the Perth Theatre Trust (PTT) that saw PTT achieve a number of important milestones and have its status and role confirmed, thus establishing the foundation for the Trust to become more proactive and engaged in the performing arts life of Western Australia.

PTT had previously operated in an uncertain environment, particularly following a review of all statutory authorities as part of the Machinery of Government report's recommendations that was followed by a Cabinet decision in 2002 to abolish the PTT and absorb its functions into the Department of Culture and the Arts. However, the Government has now decided to retain the Trust as a statutory authority.

The decision was an important precursor for the board and management to start the necessary work to rebuild and reposition the Trust. This work is now under way. Some of our initiatives and achievements to date include:

- The appointment of a highly skilled and experienced permanent and full time General Manager,
- Securing critical additional funding support from the Government through the exciting Ignite package,
- The launch of a qualitative and quantitative review of the assets of the Trust,
- The development of a new strategic plan for PTT,
- The streamlining of committee and board procedures,
- A major investment in a new ticketing system for BOCS Ticketing ,and
- A very successful year with more than 450,000 attendees at performances in PTT venues.

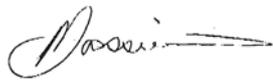

Details of our achievements are elaborated upon in the General Manager's Report and in the body of the Annual Report.

I would like to take this opportunity to welcome the new, permanent General Manager of PTT, Mr Alan Ferris and to also welcome the new board members appointed to the Trust. I also welcome Allanah Lucas as the Department of Culture and the Arts' (DCA) new Director General. The Trust looks forward to the continuing strong support of the DCA and working in partnership to deliver for the performing arts sector and theatre going public.

I thank all PTT staff and our venue operations manager AEG Ogden (Perth), who has delivered successfully the achievements outlined in this annual report.

I would like to thank the outgoing Chairman, Mr Harry Morgan AM and retiring board members for their important contributions and achievements.

Finally, on behalf of the board and our staff, I would like to thank the Minister for Culture and the Arts, the Hon Sheila M<sup>c</sup>Hale MLA for her support of, and confidence in PTT, and would like to acknowledge in particular the increased funding support the Government has injected into arts and culture in Western Australia.

## GENERAL MANAGER FOREWORD

The Perth Theatre Trust board, under new Chairman Dr Saliba Sassine, and PTT staff are committed and energised to re-establish the Trust as a lead organisation for the performing arts sector.

As the newly appointed General Manager I am excited about the opportunity of rebuilding and repositioning the PTT business so that it is ready for the significant challenges ahead.

The Trust has a key role in contributing to the development of performing arts in Perth, as the entity responsible for the management of Perth's premier performing arts venues, His Majesty's Theatre, Perth Concert Hall, the Playhouse Theatre and Subiaco Arts Centre and for the management of BOCS Ticketing and Marketing. The PTT will also be responsible for managing the new performing arts venue due for completion in 2010. Cultural and arts facilities and ticketing services have an important role in promoting the cultural life of the city and can expand audiences for culture and the arts.

A focus for the PTT's BOCS Ticketing and Marketing business unit this year has been the awarding of a contract to Galathea STS Pty Ltd ("Galathea"), the providers of the enta ticketing software. The new system offers significantly improved features for BOCS clients and patrons and will go live early in the new financial year.

In December 2007, the Premier, the Hon Alan Carpenter MLA with the Minister for Culture and the Arts, the Hon Sheila M<sup>c</sup>Hale MLA, announced the Ignite package for arts and culture in Western Australia – the biggest single State Government arts funding injection in the State's history. The total package of \$73 million over four years includes \$51 million of new one-off and capital initiatives.

The Ignite package provides funding of \$3.7million for the PTT including:

- \$3.1 million for the replacement of the seats and a new concert piano at the Perth Concert Hall (PCH); installing new audio and audio visual systems at the PCH and His Majesty's Theatre (HMT); and replacing the carpets at HMT; and
- \$600,000 for programming over four years.

The PTT will work with the City of Perth, the owners of the PCH, on the PCH seat replacement and audio visual system projects. The City of Perth is contributing \$800,000, which is 50%, of the total cost of the seat replacement project.

Ignite funding has also enabled the PTT to purchase a new Steinway Piano Concert D model for the PCH. The new piano will be played publicly for the first time by the Winner of 2008 Sydney International Piano Competition recital at the PCH on 13 August 2008.

I thank the PTT board and staff for their support and significant contribution and achievements over the past year. I thank AEG Ogden (Perth) who manage the day-to-day operations of the PTT venues.

I also thank Alastair Bryant, who was acting PTT General Manager in addition to his role as Director General, Department of Culture and the Arts. Until September 2007 the management of the PTT was overseen by Ross Palmer, Executive Director Corporate Assets and Business Support DCA and I thank him for his work with the Trust over many years.

### Operations of the Perth Theatre Trust

Perth Theatre Trust as established by the *Perth Theatre Trust Act 1979* is responsible for the care, control, management, maintenance, operation and improvement of theatres under its control. The theatres/venues currently under the control of PTT include:

- His Majesty's Theatre (Government owned)
- Perth Concert Hall (leased from City of Perth)
- The Playhouse Theatre (leased from Diocese of Perth)
- Subiaco Arts Centre (leased from City of Subiaco)
- Rechabites Hall (leased from the Department of Planning and Infrastructure/East Perth Redevelopment Authority)

PTT will also be responsible for the operations and management of New Performing Arts Venue, which is currently being constructed in Northbridge on the corner of Roe and William Streets.

The venues are actively used by various local, national and international professional and amateur performing arts companies, performers and artists. School and children's performances and activities are also presented at these venues.

The venues, with the exception of Rechabites Hall are managed on behalf of PTT by AEG Ogden (Perth) Pty Ltd through a Management Agreement. AEG Ogden (Perth) as venue managers for PTT is responsible for ensuring the venues' operations and facilities are managed within budget allocations and performance indicators.

The Performing Arts Centre Society provides day-to-day management and operational requirements for Rechabites Hall under a separate agreement.

PTT is also responsible for the management of BOCS Ticketing and Marketing. BOCS Ticketing provides an effective and efficient ticketing system that provides a wide range of access to events.

The Perth Theatre Trust's mission is to maximise the effectiveness of the performing arts resources under its control to enhance the cultural and economic life of Western Australia.

The objectives of the Perth Theatre Trust are:

- To provide high quality venues and services to maximise the cultural and public use of the venues managed by the Trust.
- To provide an efficient ticketing and information service to facilitate access to the Trust's performing arts venues and targeted marketing information to performing arts companies.
- To ensure efficiency and effectiveness of its management practices.

## **Major Achievements 2007-2008**

- BOCS Ticketing is implementing new state-of-the-art software to significantly improve ticketing and marketing services.
- PTT continued the promotion and presentation of the national flagship performing arts companies for WA audiences. This included Bell Shakespeare Company and the Sydney Dance Company
- PTT commenced planning for the operational management of the New Performing Arts Venue.
- With 1139 events, this represents an increase 27% on last year due to a greater number than expected events at all PTT venues. This achievement reflects the vibrancy of the sector and effective management of the venues by the Trust.
- The increased number of events resulted in a 6% increase in attendance compared to last year.
- The Venues Ignite package of \$600,000 will assist PTT to grow the capacity for WA audiences throughout the State to experience more national and international touring performances.
- The State Government is investing over \$3million in the PTT heritage listed venues – the Perth Concert Hall and His Majesty’s Theatre. The Concert Hall will have seats replaced and His Majesty’s Theatre will have carpets replaced in the public areas. Both venues will have new sound systems installed.
- The selection of a new Steinway concert piano for the Perth Concert Hall was completed, with funding provided by the State Government’s Ignite package.

## **Future Directions**

- The PTT is developing a Strategic Plan 2009-2014 for implementation. This will include the review of policies, organisational structure and alignment of objectives with current activities.
- The PTT will develop quality music programming at Perth Concert Hall in association with Asian and Australian (OZPAC) music touring circuits. This initiative will create an opportunity for audience development and build national links.
- The PTT will continue the promotion and presentation of the national flagship performing arts companies for WA audiences. This will include Bell Shakespeare Company, Sydney Dance Company, and new initiatives with the Australian Ballet and Bangarra Dance companies. This initiative will create an opportunity for audience development, and build national links. Bangarra Dance in particular, is a link between Indigenous cultures of Australia and the inspiration of dance exploring new forms of contemporary artistic expression while maintaining the integrity of tradition.

- The PTT programming, in many cases, provides the local performing arts industry with opportunities to present shows at PTT venues, employment of local actors and performers, contributing to local arts development (including employment, skills development, training, organisational development).
- Implement the management and artistic programming policies of the New Performing Arts Venue (NPAV).

### Issues and Trends

- The national downturn in touring performance arts product continues with a decreased number of events available for touring.

### Key Performance Indicators Overview

The number of events across venues was 1,139 in 2007-2008. This represents 27% increase on last year's events, which is due to a greater number than expected events at all Perth Theatre Trust venues. This achievement reflects the vibrancy of the sector and effective management of the venues by the Trust.

The participation rate across the venues in 2007-2008 was 455,137 attendances. The increased number of events resulted in a 6% increase in attendance compared to last year.

Measures	2004-05	2005-06	2006-07	2007-2008
Number of performances at Trust venues	792	678	892	1,139
Number of attendances at Trust venues	397,988	381,090	430,350	455,137

*Note: While 2006-07 represents a significant increase in attendances of 49,260, the greater part of this increase (35,433) is due to events at the Subiaco Arts Centre following the venue's reopening in July 2006.*

## **VENUE MANAGEMENT**

### **INTRODUCTION**

As Agent for the Perth Theatre Trust, AEG Ogden (Perth) Pty Ltd manages the Perth Concert Hall, His Majesty's Theatre, the Playhouse Theatre and the Subiaco Arts Centre. In January 2008, Ogden International Facilities Corporation became AEG Ogden Pty Ltd, having sold portion of the company to USA entertainment and venue management company, Anschutz Entertainment Group (AEG).

Monthly formal contract meetings occur between AEG Ogden (Perth) Pty Ltd senior staff and those of the Perth Theatre Trust. Regular contact and communication at a senior level also occurs between these meetings. The AEG Ogden (Perth) Chief Executive, General Manager Corporate Services, appropriate venue General Managers and the Marketing Manager attend PTT Programming Committee meetings.

All reports due to the PTT under the Management Agreement were provided within agreed timelines. AEG Ogden (Perth) continues to be a Certified Quality Assurance Company, through SAI Global Limited.

The Output Based Measurements (OBMs) and attendances have exceeded budgeted estimates for the year. Overall, 1,139 events were presented on the venue stages against a target of 841 events. Perth's dynamic overall growth and booming economy has positively impacted on the performing arts.

The major hirers of the venues, West Australian Ballet, West Australian Opera, West Australian Symphony Orchestra, Perth Theatre Company, Barking Gecko Theatre Company, Black Swan Theatre Company and the Perth International Arts Festival (PIAF), all continued to utilise the PTT's four venues at the same or increased levels compared to previous years. The exception was the PIAF verandah concert series, which were relocated to an outdoor non-PTT location in the city.

Ongoing direct communication has been maintained in a limited national market with the country's major performing arts and entertainment promoters and presenters, to ensure maximum utilisation of the Venues.

In addition, involvement and networking by AEG Ogden (Perth) senior management with important performing arts venue managements nationally and internationally continue. AEG Ogden (Perth) is an active member of the following organisations and associations:

- AAPPAC – Association of Asia Pacific Performing Arts Centres
- ABTT – Association of British Theatre Technicians
- APACA – Australian Performing Arts Centres Association
- LPA – Live Performance Australia
- OZPAC – Australian/New Zealand Capital Cities Performing Arts Centres
- VMA – Venue Management Association Pacific Chapter

The Chief Executive of AEG Ogden (Perth) continues to be a member of the LPA Board and also attended the VMA Conference in Auckland and the Auditorium Summit Conference in London.

Senior management across the venues represented the Perth operation at various OZPAC specialised committees on programming, stage technical, marketing, personnel and at the APACA Annual Conference in Canberra.

The Museum of Performing Arts at His Majesty's Theatre is a member of Museums of Australia Performing Arts Special Interest Group (PASIG).

The State Government's new performing arts venue currently being built in Northbridge will be managed by AEG Ogden (Perth) as a PTT venue. With the venue due to open in 2010, senior management are now engaged in key aspects of construction finalisation and management planning.

Capital works funding (including support funding from the City of Perth for the Perth Concert Hall) has enabled a number of projects to be undertaken across the venues including air conditioning, plumbing, electrical and safety equipment.

The State Government's Ignite Package announced in December 2007 has provided for a replacement piano, seating, audio-visual and carpeting at the Perth Concert Hall and His Majesty's Theatre.

Special acknowledgement must also be made of the commitment and professionalism of the dedicated and experienced staff team.

## **HIGHLIGHTS**

Attendances at the PTT venues in 2007-2008 totalled 455,137.

The number of performances in this period totalled 1,139.

## Performance Diversity at Perth Theatre Trust venues

The following table represents the diversity of performances presented in PTT venues as a percentage of total performances. PTT's aim is to promote a diverse and varied program of events to Western Australian audiences.

Even in years of lower overall activity, PTT aims to preserve this diversity by co-presenting selected productions to augment the event program. Some co-presentations are not budgeted on a total cost-recovery basis. Comparisons over time indicate that a diverse range of events has been presented.

## **INTRODUCTION**

2007-2008 continued to be a busy year for BOCS Ticketing and Marketing.

The highlight for this year was the awarding of the contract to appoint Galathea STS Pty Ltd ("Galathea"), the providers of the enta ticketing software, for the supply, implementation and support of a ticketing and marketing system. The contract was signed on 3 June 2008.

enta is used by more than 540 sporting and entertainment businesses across 24 countries, including London's Royal National Theatre, Shaftesbury Theatre, Fulham Football Club and Ascot Racecourse. In Australia enta is used by the Queensland Performing Arts Centre (QPAC), the Sydney Theatre Company and Melbourne's Playbox Theatre Company.

Work to implement the new system is well underway and it is expected that the new system will go live early in the new financial year following rigorous interrogation and testing by Galathea, DCA Information Services and BOCS staff. A new look web site is also being developed as part of the ticketing system upgrade.

The new software offers significantly improved features for BOCS clients and patrons, including:

- In excess of 300,000 tickets per hour or 125,000 transactions per hour
- No limit to the number of events on sale
- Full customer relationship management
- Comprehensive data collection for marketing analysis and online and post mailing
- System can produce 150 reports and automatically email to promoter
- Promoter can log in and view reports in real time
- Real time sales 24/7 through website
- Each customer has one secure record which houses all data and history related to that patron
- Patrons can select best available seat via the website

BOCS staff continued to deliver high levels of customer service. Service levels are monitored throughout the year and staff undergo development and training to ensure theatre patrons and other clients service needs are met.

BOCS successfully ticketed a range of events during 2007-2008, including:

- Melbourne Comedy Festival Roadshow – His Majesty’s Theatre
- Beck’s Music Box – The Esplanade

- Arlo Guthrie – Octagon Theatre

PERTH CONCERT HALL

## **INTRODUCTION**

The Perth Concert Hall is located in the city centre, near the Swan River. The majestic building is renowned as having one of the finest music acoustics in the Southern Hemisphere. The Main Auditorium features raked seating for 1,729 people and is surrounded by several private rooms, foyers and outdoor areas suitable for small musical performances and for cocktail, dining, product launches, trade exhibitions and marquee events. The concert hall also houses a BOCS Ticketing outlet.

Orchestral rehearsal days in the Venue decreased slightly, mostly attributed to an increase in the number of performances that the West Australian Symphony Orchestra (WASO) seasons had away from the Perth Concert Hall.

In the Main Auditorium there was an increase in theatre events, attributed to the 2008 Union Internationale de la Marionnette, (UNIMA), World Puppetry Festival.

Three major capital upgrade projects began in the later part of the year, each of these funded through the State Government’s Ignite initiative. These projects are to replace the auditorium seats, purchase audio equipment and a new concert Grand piano.

## **MAJOR ACHIEVEMENTS**

The Steinway piano company, in association with the Perth Concert Hall and the Piano Haass Company, brought to Perth three historic pianos from the famed manufacturer.

The Venue continued its cooperative arrangements with a number of art and craft galleries, which presented a selection of works throughout the Venue during the year.

## **HIGHLIGHTS**

The 2008 Union Internationale de la Marionnette, (UNIMA), World Puppetry Festival was held in the Southern Hemisphere for the first time. There were events in the Main Auditorium, the Wardle Room, the Terrace Level foyer and the Verandah.

There were numerous exhibitions including the world record-breaking Million Puppet Project in the Main Auditorium. The highlight of the Festival was the free Carnival Day which attracted 10,000 people. There were multiple events utilising spaces in the undercroft, both forecourts and the foyer spaces.

The UWA Perth International Arts Festival (PIAF) presented a number of performances encompassing a range of genres, which appealed to a varied audience demographic. The events included Rufus Wainwright and classical music icons – the New London Consort.

The WASO had a highly successful season. There was a significant increase in educational and audience development programs. Musica Viva featured the Westminster Choir and numerous other fine ensembles including the acclaimed Brodsky Quartet.

The Australian Chamber Orchestra's *Adventurous* with Richard Tognetti and *Sublime* with Katie Noonan were both exceptional performances which played to enthusiastic houses.

Major events for 2007-2008 included Randy Crawford, the John Butler Trio, PJ Harvey, Paco Pena, Tori Amos, the Soweto Gospel Choir, and Eric Idle's *Not the Messiah*.

### MAJOR EVENTS

2008 was the second year of the Summer Recital Series, which attracted a diverse demographic with children, students and visitors to Perth attending. The recitals were of an extremely high quality and were varied enough to ensure that many patrons subscribed to the entire series. The concerts also provided the opportunity to showcase the Venue in a more intimate setting with local artists performing. In conjunction with the OZPAC Group, the Venue presented the renowned classical and jazz guitarists John Williams and John Etheridge in concert.

The Perth Concert Hall also presented the great Sufi musician Omar Faruk Tekbilek and his ensemble in their premiere performance in Perth. The Middle Eastern group attracted a diverse audience, many of whom had not previously attended an event at the Perth Concert Hall.

The inclusion of the Venue's presentation of the Warren Miller Snow Film in the City of Perth Winter Arts Festival program was a significant innovation.

## HIS MAJESTY'S THEATRE

### INTRODUCTION

His Majesty's Theatre has become one of Western Australia's most-loved heritage icons since its opening in 1904. It is believed to be the only remaining working Edwardian theatre in Australia, and is one of only two His Majesty's Theatres in the world. The auditorium features three seating levels in a traditional horseshoe arrangement and seats 1,200 patrons. The stage was once the largest in the southern hemisphere and has been host to a remarkable cavalcade of stars. The theatre also houses a BOCS Ticketing outlet.

### MAJOR ACHIEVEMENTS

His Majesty's Theatre has benefited from a diverse and high quality artistic program over the past financial year. A total of 330 performances were presented throughout the Venue's three performance spaces, which were attended by 168,241 patrons.

High overall quality standards were achieved by the Theatre's two resident companies, the West Australian Ballet and the West Australian Opera, accompanied by the West Australian Symphony Orchestra. Highlights of their seasons included the opera *Rigoletto* and *The Taming of the Shrew* – a ballet not seen in Perth before, with choreography by the world famous John Cranko.

### HIGHLIGHTS

A variety of other popular productions added to the Theatre's successful year. These included Bell Shakespeare's production of *Macbeth*; and Sydney Dance Company's *Grand*, the farewell to long time Artistic Director Graeme Murphy; the Perth International Arts Festival presentations of *A Midsummer Night's Dream* and *Borrowed Light*; the Soweto Gospel Choir and *Tango Fire* from Argentina.

### MAJOR EVENTS

The continuing success of the Brainbox Project DownStairs at the Maj, sponsored via His Majesty's Theatre Foundation, has now firmly established itself. This year the Perth Theatre Company co-presented some of their productions as part of the Brainbox seasons.

## **INTRODUCTION**

The Playhouse Theatre has a proscenium arch and raked auditorium with seating for 427. Leased by the Perth Theatre Trust from the Anglican Diocese of Perth since 1984, it is the principal performance venue for the Black Swan Theatre Company (BSTC). The theatre also houses the Perth Theatre Company (PTC), a BOCS Ticketing outlet and subscription ticketing service.

The Playhouse Theatre celebrated its 50<sup>th</sup> Anniversary in 2006, and in 2007-2008 continued a long history of showcasing new works by talented West Australian playwrights, directors, designers, choreographers and performers. The Playhouse Theatre also hosted, with the support of the Perth Theatre Trust, a number of productions by some of Australia's leading national touring companies.

## **MAJOR ACHIEVEMENTS**

The Playhouse Theatre's reputation as one of Perth's busiest theatres was confirmed with utilisation of the Theatre increasing from 56% of available days in 2004-2005 to 87% in 2007-2008. During the same period, the number of performances and events presented increased from 152 to 233.

The dramatic increase in usage also saw total attendances exceeding 60,000 for the first time in 20 years.

With the ever-increasing use of digital technology by presenters, the Playhouse upgraded its audio system during 2007-2008. Additional powered speakers and a digital speaker signal processor were purchased.

Two audio described shows at the Playhouse Theatre were trialled successfully.

## **HIGHLIGHTS**

Bill McCluskey's adaptation, for Western Edge Projects/PTC, of Tim Winton's *The Turning* was one of the highlights of the Theatre's program in 2007-2008. The upgrade of the theatre's audio system and associated control and data cabling provided the production's sound and video/image designers with a far greater flexibility and significant costs savings.

The Playhouse Theatre also worked closely with organisers of the 2008 Union Internationale de la Marionnette, (UNIMA), World Puppetry Festival. Coordinated by Fremantle-based Spare Parts Puppet Theatre, productions by international and Australian puppetry companies were staged in venues

across Perth. The Playhouse Theatre played host to productions of *Cabaret Decadance* (Canada), *Le Polichiner De Tirros* (Belgium), *Nutcracker* and *Buying Mittens* (Japan) and *Woyzeck on the Highveld* (South Africa). All productions were of an extremely high standard.

Of all the touring shows presented by the Playhouse Theatre in recent years, *Six Dance Lessons in Six Weeks*, starring Todd McKenney and Nancye Hayes, proved to be one of the most successful, artistically and financially. Produced by the Ensemble Theatre (Sydney), and toured by Christine Dunstan, the production received excellent reviews in the press and returned a profit to the PTT's programming fund. The other major productions presented by the Playhouse in 2007-2008 were HIT Productions' (Melbourne) season of David Williamson's Australian Classic *The Club*, starring John Wood and Bell Shakespeare's *As You Like It*.

A-List Entertainment (Sydney), returned to the Playhouse with *The Scaredies – Stumped* and comedian Carl Barron's *Walking Down the Street*. Both seasons attracted capacity houses and helped to considerably broaden the Theatre's audience base.

The 2007-2008 program also contained a strong youth and community focus, with the Playhouse supporting the Midnite Youth Theatre Company's production of *The Premiere* and *Coram Boy*, which were presented as part of the 150<sup>th</sup> Anniversary of the founding of Perth's Anglican Diocese. The Playhouse Theatre also assisted Steps Youth Dance Company in presenting *nospace*, a new work by local choreographers.

As a result of the Playhouse Theatre hosting a number of sell-out seasons in 2007-2008, additional income generated by the Theatre's bar and car park operations contributed to the Theatre finishing the year well ahead of budget.

## **INTRODUCTION**

The Subiaco Arts Centre has benefited throughout the year from a varied and vibrant artistic program. Increased use has led to a lively and creative informal atmosphere enjoyed by all who visit the facility. The community spaces at the centre have been used for activities including acting workshops, art classes, ballet, dance, pilates, yoga and auditions. Disability groups continue to be regular hirers of the Venue, encouraged by improved access. There have also been numerous conferences, product launches and seminars held throughout the Venue.

A total of 293 events were presented in the building's three performance spaces, which were attended by 37,381 patrons.

## **MAJOR ACHIEVEMENTS**

The Main Auditorium continued to attract a diverse range of hirers. The venue represented good value to local companies by keeping overheads to a minimum. This was achieved despite the ongoing labour shortage.

Studio usage increased by 150% being a dramatic increase of 103 events compared to 41 in the previous year. This particularly benefited experimental theatre and smaller or new companies.

All community spaces such as the gallery and workshop rooms experienced increased usage throughout the year. This was achieved by staff offering flexibility and high standards of service. The Venue also improved facilities and purchased equipment to compete effectively with competitors.

## **HIGHLIGHTS**

For the first time in the refurbished Venue, the Perth International Arts Festival presented a show, in conjunction with Barking Gecko. The production was ZEAL Theatre's *Australia vs South Africa*, which included two South African and two local performers.

The Western Australian Academy of Performing Arts (WAAPA) presented a new play by Reg Cribb entitled *Unaustralia* its first season in the Venue since it reopened.

### **Disability and the Arts Inclusion Initiative**

The Perth Theatre Trust participated in the Disability and the Arts Inclusion Initiative (DAII), a partnership between Disability Services Commission and the Department of Culture and the Arts. The aim of the project was to improve the live theatre experience for patrons with vision impairment.

The Subiaco Arts Centre management and venue were key aspects of the project delivery.

PTT conducted the project in partnership with Barking Gecko Theatre Company, Blind Citizens WA, BOCS Ticketing and Marketing Services, AEG Ogden (Perth) and the Senses Foundation Inc.

Patrons with vision impairment and their companions were invited to experience the feel of the set, costumes, props and stage layout of Barking Gecko Theatre Company's production of *The Troll from the Bowl*. The initiative centred on three venue familiarisations and three touch-tours in July 2007, and took place at the Subiaco Arts Centre and showcased the venue's accessible features.

Participants were enthusiastic and provided feedback on future improvements.

A second project was an Audio Descriptive Pilot Project with the aim to bring Audio Described Theatre to Perth's vision-impaired audiences. Key personnel from the Subiaco Arts Centre were pivotal in this project. The project allowed staff to gain a large amount of knowledge and experience in this field. In 2009 an audio descriptive service will be offered to PTT venue hirers.

### **MAJOR EVENTS**

Productions of the resident theatre company, Barking Gecko Theatre Company, included *Australia vs South Africa*, *Troll from the Bowl* and *Skylab*.

Yellow Glass Theatre Company Inc.'s productions included *Jacques Brel Is Alive and Well and Living in Paris* and *Sondheim's Into the Woods*. Other companies and organisations presenting at the Venue included WAAPA, Yirra Yaakin, West Australian Youth Theatre Company, ICON Entertainment, Agelink Theatre Company and Curtin University's Hayman Theatre.

The City of Subiaco arranged citizenship ceremonies at the Centre for the first time.

**HIS MAJESTY'S THEATRE**  
FOUNDATION

## INTRODUCTION

His Majesty's Theatre Foundation was established in 1993 to enhance and promote His Majesty's Theatre as one of Australia's great theatrical landmarks, through support from donations, sponsorships, corporate partnerships and special events.

Each year the Foundation dedicates the results of its fundraising to projects in which all members of the community can participate.

In the 2007-2008 financial year, the Foundation continued its commitment to supporting the Theatre's Community Service Programs including MajKidz, Lunchtime Concerts, Morning Melodies, and the creative initiative DownStairs at the Maj – The Brainbox Project, which focuses on the development and production of new concepts and professional productions for intimate theatre

and cabaret. All the Community Service Programs provide work for predominantly-local performing arts professionals.

### **FOUNDATION MAJOR PARTNERS**

Longstanding major partners of the Theatre, Lexus and Optus, continued their support. However, Lexus (Major Partner since 1997) did not renew their contract as a major partner with naming rights to the Dress Circle Bar at the end of March 2008, but continued with the Lexus Encore component of their sponsorship which provides special benefits to Lexus owners at the theatre.

Curtin University took up naming rights to the Lounge when The University of Western Australia relinquished its rights at the end of June 2007. The Lounge is also a favourite private entertainment space for a number of businesses that bought corporate entertainment packages, which also assist the Foundation in raising funds.

### **MAJOR COMMUNITY SERVICE PARTNERS**

Long time supporter of Morning Melodies, APIA, also became a major partner for Lunchtime Concerts. Hawaiian continued its invaluable support for DownStairs at the Maj as the principal partner for The Brainbox Project, and Foundation partners for the creation of the Hawaiian Lounge to entertain in a private space in the Venue.

### **PRODUCT SPONSORS**

Foster's Group Limited continued its long-term sponsorship of the Main Auditorium only, with the provision of premium wines, boutique beers and soft drinks from its vast portfolio, for Foundation Corporate Partners' entertainment packages. Wills Domain became the new wine sponsor for DownStairs at the Maj.

### **HIS MAJESTY'S THEATRE FOUNDATION COMMITTEE 2007-2008**

Mr James Freemantle	Chairman

2,009 people visited the museum during 2007-2008. The Friends of His Majesty's Theatre guided 447 people through a venue tour for the same period.

The year's exhibitions were as follows:

## **FOOD AND BEVERAGE DIVISION**

### **INTRODUCTION**

Food and beverage services are provided to patrons at each of the Perth Theatre Trust venues. Full event catering is provided through cafés, restaurants, bars, function rooms and lounges.

A new website was launched in 2007 for the Food and Beverage Division using the tag line *Creating Events with Style* to allow the organisation to market the services provided to all venues in one forum. For further information and to view this new website visit: [www.creatingevents.com.au](http://www.creatingevents.com.au)

### **MAJOR ACHIEVEMENTS**

The Food and Beverage Division was declared the winner in the categories of Venue Caterer (Perth Concert Hall), Event Caterer (Perth International Arts Festival, Beck's Verandah) and Employee of the Year (Ammar Timour) at the Restaurant and Catering Industry Association Awards for Excellence in 2007. The organisation also achieved finalist status in the categories of Venue Catering (His Majesty's Theatre), Catering Consultant of the Year (Olivia Ford) and Function Chef of the Year. This is the seventh consecutive year that the operation has been awarded Best Venue Caterer at these industry awards.

In conjunction to these awards, the Food and Beverage Division was also judged winner of the Venue Caterer Category in the 2007 Gold Plate Awards presented by the Catering Institute of Australia. These awards continue to lift the profile of the Food and Beverage Division within the industry and community.

The Food and Beverage Division received accreditation as a Gold License Caterer. This program is an initiative of the Restaurant and Catering Industry Association of Employers of WA (Inc), supported by the Health Department of WA and the Australian Institute of Environmental Health. The operation now has the ability to quote the Gold License accreditation which recognises that the organisation undertakes to operate within the law with regard to food preparation, and is backed by appropriate experience in the industry.

### **HIGHLIGHTS**

The Annual Valentine's Day Promotional Lunch held in February at the Government House Ballroom was a great success. A DVD presentation highlighted the Food and Beverage Division's new website and showcased the Food and Beverage Division's diverse range of event capabilities within all its venues. Feedback from the event was excellent.

## INTRODUCTION

The Rechabites' Hall is managed by The Performing Arts Centre Society (PACS) as an alternative performing arts venue available for hire, at below commercial rates, to independent performing arts practitioners producing contemporary performance.

PACS, which also manages the Blue Room in James St, Northbridge, has managed the Rechabites Hall, on behalf of the Perth Theatre Trust, since 1998. In November 2007 ownership of the Hall was transferred from the Department of Planning and Infrastructure to the East Perth Redevelopment Authority (EPRA).

### Artist and Production Development

Throughout 2007–2008 the Rechabites' Hall continued to support a program of new, contemporary performance providing affordable opportunities for some of Perth's best independent theatre makers to develop and present new theatre. The diverse and lively program presented through the Rechabites' included cabaret; mono-drama; stand-up; music theatre; independent film screenings; contemporary and classic texts; dance; magic and buffoon.

In addition to supporting 105 performances the venue was alive throughout the year supporting 17 weeks of rehearsal and creative development, providing affordable studio space to Penny Productions digital animation as

well as being utilised as a film set for new WA independent feature film, *The Sculptor*.

### **Audience Development**

	<b>2007-2008</b>	2006-07	2005-06	2004-05
Number of Performances	<b>105</b>	117	166	135
Total Attendance	<b>6032</b>	10,206	10,815	11,510
Percent of capacity (average)	<b>60%</b>	71%	63%	65%

Additional development opportunities were made available at the Hall during 2007-2008 resulting in a significant decline in audience attendance over this time.

While audience attendance dropped in 2007 – 2008 period, the Hall continued to meet a benchmark target of 60% of capacity audience. Following advice from EPRA in November 2007, bookings for any events at the Hall will not be taken after January 2009.

### **New Performing Arts Venue**

The New Performing Arts Venue, which is currently being constructed on the corner of Roe and William Streets in Northbridge, will feature a 575 seat main theatre and a 200 seat flexible studio theatre, with associated rehearsal spaces. This venue will be managed by the Perth Theatre Trust. In 2007-2008, the development of management and artistic programming policies of the New Performing Arts Venue (NPAV) were progressed by the Trust.

The venue will present contemporary performing arts, such as theatre and dance, in diverse ways with a focus on distinctive professional and contemporary work produced locally, nationally and internationally.

With state-of-the-art technology and facilities, the venue will ensure that audiences are able to experience this diversity of work. With one fifth of all Western Australians attending theatre performances – the second highest attendance rate in Australia – the new performing arts venue will help to distinguish Perth and Western Australia as a world-class cultural destination and provide a new identity for performing arts in the State.

The NPAV is designed by award-winning Kerry Hill Architects. The tender for the main construction contract was awarded to John Holland Pty Ltd and work started on site at the end of October 2007. The construction program is scheduled to take 110 weeks.

These sessions are delivered to ensure staff are fully aware of and understand the needs of people with disabilities. This type of training is included as a component of the induction session for new employees.

**5. Opportunity to make complaints**

Complaints from any person, or their advocate, are fully investigated and the outcome is conveyed to them in an accessible format.

**6. Opportunity to participate in public consultations**

## Auditor General

### INDEPENDENT AUDIT OPINION

To the Parliament of Western Australia

#### **PERTH THEATRE TRUST FINANCIAL STATEMENTS AND KEY PERFORMANCE INDICATORS FOR THE YEAR ENDED 30 JUNE 2008**

I have audited the accounts, financial statements, controls and key performance indicators of the Perth Theatre Trust.

The financial statements comprise the Balance Sheet as at 30 June 2008, and the Income Statement, Statement of Changes in Equity and Cash Flow Statement for the year then ended, a summary of significant accounting policies and other explanatory Notes.

The key performance indicators consist of key indicators of effectiveness and efficiency.

#### **Trustees' Responsibility for the Financial Statements and Key Performance Indicators**

The Trustees are responsible for keeping proper accounts, and the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Treasurer's Instructions, and the key performance indicators. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements and key performance indicators that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; making accounting estimates that are reasonable in the circumstances; and complying with the Financial Management Act 2006 and other relevant written law.

#### **Summary of my Role**

As required by the Auditor General Act 2006, my responsibility is to express an opinion on the financial statements, controls and key performance indicators based on my audit. This was done by testing selected samples of the audit evidence. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion. Further information on my audit approach is provided in my audit practice statement. Refer "<http://www.audit.wa.gov.au/pubs/Audit-Practice-Statement.pdf>".

An audit does not guarantee that every amount and disclosure in the financial statements and key performance indicators is error free. The term "reasonable assurance" recognises that an audit does not examine all evidence and every transaction. However, my audit procedures should identify errors or omissions significant enough to adversely affect the decisions of users of the financial statements and key performance indicators.

**Perth Theatre Trust**  
**Financial Statements and Key Performance Indicators for the year ended 30 June 2008**

**Audit Opinion**

In my opinion,

- (i) the financial statements are based on proper accounts and present fairly the financial position of the Perth Theatre Trust at 30 June 2008 and its financial performance and cash flows for the year ended on that date. They are in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Treasurer's Instructions;
- (ii) the controls exercised by the Trust provide reasonable assurance that the receipt, expenditure and investment of money, the acquisition and disposal of property, and the incurring of liabilities have been in accordance with legislative provisions; and
- (iii) the key performance indicators of the Trust are relevant and appropriate to help users assess the Trust's performance and fairly represent the indicated performance for the year ended 30 June 2008.

COLIN MURPHY  
AUDITOR GENERAL  
18 September 2008

## **CERTIFICATION OF PERFORMANCE INDICATORS**

We hereby certify that the Performance Indicators are based on proper records, are relevant and appropriate for assisting users to assess the Perth Theatre Trust performance, and fairly represent the performance of the Perth Theatre Trust for the financial year ended 30 June 2008.

## KEY EFFECTIVENESS INDICATORS

### Indicator 1 - Venue Management Services

#### Measures of Access to the Arts

##### Rationale

The following charts provide access indicators for attendances at performances in Perth Theatre Trust venues. While the Trust has only limited influence on either the number of productions and performances presented at its venues or the number of patrons who choose to attend those performances, its aim is to assist presenters to maximise attendances.

## **Note 1**

### **Public Use of Major Venues – Venue**

#### **Usage Trend**

The number of performances/events across venues was 1139 in 2007-2008. This is a significant increase in the number of events from last year's figure of 892.

## **Note 2**

### **Participation Rates at Perth Theatre Trust Venues**

Overall, the attendance rate at PTT venues was 455,137 an increase in attendances from last year's figure of 430,350.

## **EFFICIENCY INDICATORS**

### **Venue Management Services**

The table below represents the number of performances at venues managed by the Perth Theatre Trust. These performance measures address the efficiency with which the Perth Theatre Trust undertakes work associated in achieving this service.

<b>Measure</b>	<b>2004-05 Actual</b>	<b>2005-06 Actual</b>	<b>2006-07 Actual</b>	<b>2007- 2008 Target</b>	<b>2007- 2008 Actual</b>
Number of performances at Trust venues	792	678	892	841	1139
Average cost per performance	\$21,080	\$22,680	\$18,733	\$16,581	\$15,110

## **Note 3**

a) A total of 1139 events were presented at PTT venues against a target of 841 for 2007-2008. The variance for events numbers is due to a higher number of events than expected at all Perth Theatre Trust venues. This reflects the vibrancy of the performing arts sector and effective management of the venues by the Trust.

b) The text in the above table - Average cost per performance has been amended from cost per performance to reflect the text in the Treasury budget papers.

c) The comparative figures for the average cost per performance have been amended to reflect the total cost of service costs for the Perth Theatre Trust only.

## CERTIFICATION OF FINANCIAL STATEMENTS

The accompanying financial statements of the Perth Theatre Trust have been prepared in compliance with the provisions of the *Financial Management Act 2006*, from proper accounts and records to present fairly the financial transactions for the financial year ending 30 June 2008 and the financial position as at 30 June 2008.

At the date of signing, we are not aware of any circumstances, which would render any particulars included in the financial statements misleading or inaccurate.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

**1. Australian equivalents to International Financial Reporting Standards**

**General**

Perth Theatre Trust's financial statements for the year ended 30 June 2008 have been prepared in accordance with Australian equivalents to International Financial Reporting Standards (AIFRS), which comprise a Framework for the Preparation and Presentation of Financial Statements (the Framework) and Australian Accounting Standards (including the Australian Accounting Interpretations).

In preparing these financial statements Perth Theatre Trust has adopted, where relevant to its operations, new and revised Standards and Interpretations from their operative dates as issued by the AASB and formerly the Urgent Issues Group (UIG).

**Early adoption of standards**

Perth Theatre Trust cannot early adopt an Australian Accounting Standard or Australian Accounting Interpretation unless specifically permitted by TI 1101 'Application of Australian Accounting Standards and Other Pronouncements'. No Standards and Interpretations that have been issued or amended but are not yet effective have been early adopted by Perth Theatre Trust for the annual reporting period ended 30 June 2008.

**2. Summary of significant accounting policies**

**(a) General Statement**

The financial statements constitute a general purpose financial report which has been prepared in accordance with Australian Accounting Standards, the Framework, Statements of Accounting Concepts and other authoritative pronouncements of the Australian Accounting Standards Board as applied by the Treasurer's instructions. Several of these are modified by the Treasurer's instructions to vary application, disclosure, format and wording.

The Financial Management Act and Treasurer's instructions are legislative provisions governing the preparation of financial statements and take precedence over the Accounting Standards, the Framework, Statements of Accounting Concepts and other authoritative pronouncements of the Australian Accounting Standards Board.

Where modification is required and has a material or significant financial effect upon the reported results, details of that modification and the resulting financial effect are disclosed in the notes to the financial statements.

**(b) Basis of Preparation**

The financial statements have been prepared on the accrual basis of accounting using the historical cost convention, modified by the revaluation of land, buildings and infrastructure which have been measured at fair value.

The accounting policies adopted in the preparation of the financial statements have been consistently applied throughout all periods presented unless otherwise stated.

The financial statements are presented in Australian dollars and all values are rounded to the nearest thousand dollars (\$'000).

**(c) Reporting Entity**

The reporting entity comprises the Perth Theatre Trust.

**(d) Contributed Equity**

UIG Interpretation 1038 'Contributions by Owners Made to Wholly-Owned Public Sector Entities' requires transfers in the nature of equity contributions to be designated by the Government (the owner) as contributions by owners (at the time of, or prior to transfer) before such transfers can be recognised as equity contributions. Capital contributions (appropriations) are designated as contributions by owners by TI 955 'Contributions by Owners made to Wholly Owned Public Sector Entities' and have been credited directly to Contributed Equity.

Transfer of net assets to/from other agencies are designated as contributions by owners where the transfers are non-discretionary and non-reciprocal. See note 29 'Equity'.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

**(e) Income**

***Revenue recognition***

Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised for the major business activities as follows:

*Sale of Goods*

Revenue is recognised from the sale of goods and disposal of other assets when the significant risks and rewards of ownership control transfer to the purchaser and can be measured reliably.

*Rendering of services*

Revenue is recognised on delivery of the service to the client or by reference to the stage of completion of the transaction.

*Interest*

Revenue is recognised as the interest accrues.

*Service Appropriations*

Service Appropriations are recognised as revenues at nominal value in the period in which Perth Theatre Trust gains control of the appropriated funds. Perth Theatre Trust gains control of appropriated funds at the time those funds are deposited to the bank account or credited to the holding account held at Treasury. (See note 16 'Income from State Government')

*Grants, donations, gifts and other non-reciprocal contributions*

Revenue is recognised at fair value when Perth Theatre Trust obtains control over the assets comprising the contributions, usually when cash is received.

Other non-reciprocal contributions that are not contributions by owners are recognised at their fair value. Contributions of services are only recognised when a fair value can be reliably determined and the services would be purchased if not donated.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the balance sheet date, the nature of, and amounts pertaining to, those undischarged conditions are disclosed in the notes.

***Gains***

Gains may be realised or unrealised and are usually recognised on a net basis. These include gains arising on the disposal of non-current assets and some revaluations of non-current assets.

**(f) Property, Plant and Equipment and Vehicles**

*Capitalisation/Expensing of assets*

Items of property, plant and equipment costing over \$5,000 or more are recognised as assets and the cost of utilising assets is expensed (depreciated) over their useful lives. Items of property, plant and equipment costing less than \$5,000 are immediately expensed direct to the Income Statement (other than where they form part of a group of similar item which are significant in total).

*Initial recognition and measurement*

All items of property, plant and equipment are initially recognised at cost.

For items of property, plant and equipment acquired at no cost or for nominal cost, the cost is their fair value at the date of acquisition.

*Subsequent Measurement*

After recognition as an asset, the revaluation model is used for the measurement of land, buildings and the cost model for all property, plant and equipment. Land and buildings are carried at fair value less accumulated depreciation on buildings and accumulated impairment losses. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

Where market-based evidence is available, the fair value of land and buildings is determined on the basis of current market buying values determined by reference to recent market transactions. When buildings are revalued by reference to recent market transactions, the accumulated depreciation is eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

Where market-based evidence is not available, the fair value of land and buildings is determined on the basis of existing use. This normally applies where buildings are specialised or where land use is restricted. Fair value for existing use assets is determined by reference to the cost of replacing the remaining future economic benefits embodied in the asset, ie. the depreciated replacement cost. Where the fair value of buildings is dependent on using the depreciated replacement cost, the gross carrying amount and the accumulated depreciation are restated proportionately.

Independent valuations of land and buildings are provided annually by the Western Australian Land Information Authority (Valuation Services) and recognised with sufficient regularity to ensure that the carrying amount does not differ materially from the asset's fair value as the balance sheet date.

The most significant assumptions in estimating fair value are made in assessing whether to apply the existing use basis to assets and in determining estimated useful life. Professional judgement by the valuer is required where the evidence does not provide a clear distinction between market type assets and existing use assets.

Refer to note 22 'Property, plant, equipment and vehicles' for further information on revaluations.

*Derecognition*

Upon disposal or derecognition of an item of property, plant and equipment and infrastructure, any relevant reserve relating to that asset is retained in the asset revaluation reserve.

*Depreciation*

All non-current assets having a limited useful life are systematically depreciated over their estimated useful lives in a manner that reflects the consumption of their future economic benefits.

Land is not depreciated. Depreciation on other assets is calculated using the straight line method, using rates which are reviewed annually. Estimated useful lives for each class of depreciable asset are:

Buildings	66 years
Air conditioning upgrades	25 years
Leasehold improvements	3 to 10 years
Communication equipment	5 to 10 years
Computer hardware	4 to 5 years
Furniture, fixtures and fittings	5 to 20 years
Plant and machinery	10 years
Office equipment	4 to 10 years
Other equipment	4 to 10 years
Motor vehicles	4.5 years

Works of art controlled by Perth Theatre Trust are classified as property, plant and equipment. They are anticipated to have very long and indefinite useful lives. Their service potential has not, in any material sense, been consumed during the reporting period and so no depreciation has been recognised.

**(g) Intangible assets**

*Capitalisation/Expensing of assets*

Acquisitions of intangible assets costing over \$5,000 or more and internally generated intangible assets costing \$5,000 or more are capitalised. The cost of utilising the assets are expensed (amortised) over their useful life. Costs incurred below these thresholds are immediately expensed directly to the Income Statement.

All acquired and internally developed intangible assets are initially recognised at cost. For assets acquired at no cost or for nominal consideration, the cost is their fair value at the date of acquisition.

The cost model is applied for subsequent measurement requiring the asset to be carried at cost less any accumulated amortisation and accumulated impairment losses.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

Amortisation for intangible assets with finite useful lives is calculated for the period of the expected benefit (estimated useful life) on the straight line basing using rates which are reviewed annually. All intangible assets controlled by Perth Theatre Trust have a finite useful life and zero residual value. The expected useful lives for each class of intangible asset are:

Software <sup>(a)</sup> 4 to 5 years

(a) Software that is not integral to the operation of any related hardware.

*Computer Software*

Software that is an integral part of the related hardware is treated as property, plant and equipment. Software that is not an integral part of the related hardware is treated as an intangible asset. Software costing less than \$5,000 is expensed in the year of acquisition.

**(h) Impairment of Assets**

Property, plant and equipment and intangible assets are tested for any indication of impairment at each balance sheet date. Where there is an indication of impairment, the recoverable amount is estimated. Where the recoverable amount is less than the carrying amount, the asset is considered impaired and written down to the recoverable amount and an impairment loss is recognised. As Perth Theatre Trust is a not-for-profit entity, unless an asset has been identified as a surplus asset, the recoverable amount is the higher of an asset's fair value less costs to sell and depreciated replacement cost.

The risk of impairment is generally limited to circumstances where an asset's depreciation is materially understated or where the replacement cost is falling or where there is a significant change in useful life. Each relevant class of assets is reviewed annually to verify that the accumulated depreciation/amortisation reflects the level of consumption or expiration of asset's future economic benefits and to evaluate any impairment risk from falling replacement costs.

Intangible assets with an indefinite useful life and intangible assets not yet available for use are tested for impairment at each balance sheet date irrespective of whether there is any indication of impairment.

The recoverable amount of assets identified as surplus assets is the higher of fair value less costs to sell and the present value of future cash flows expected to be derived from the asset. Surplus assets carried at fair value have no risk of material impairment where fair value is determined by reference to market-based evidence. Where fair value is determined by reference to depreciated replacement cost, surplus assets are at risk of impairment and the recoverable amount is measured. Surplus assets at cost are tested for indications of impairment at each balance sheet date.

See note 24 'Impairment of assets' for outcome of impairment reviews and testing'.

See note 2(o) 'Receivables' and note 19 'Receivables' for impairment of receivables.

**(i) Leases**

Perth Theatre Trust holds operating leases for office accommodation. Lease payments are expensed on a straight line basis over the lease term as this represents the pattern of benefits derived from the leased properties.

**(j) Financial Instruments**

Perth Theatre Trust has two categories of financial instrument:

- \* Loans and receivables (cash and cash equivalents, receivables); and
- \* Non-trading financial liabilities (payables) measured at amortised cost.

These have been disaggregated into the following classes:

Financial Assets:

- \* Cash and cash equivalents
- \* Restricted cash and cash equivalents
- \* Receivables
- \* Amounts receivable for services

Financial Liabilities:

- \* Payables
- \* Funds held in trust

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

Initial recognition and measurement of financial instruments is at fair value which normally equates to the transaction cost or the face value. Subsequent measurement is at amortised cost using the effective interest method.

The fair value of short-term receivables and payables is the transaction cost or the face value because there is no interest rate applicable and subsequent measurement is not required as the effect of discounting is not material.

**(k) Cash and Cash Equivalents**

For the purposes of the Cash Flow Statement, cash and cash equivalent (and restricted cash and cash equivalent) assets comprise cash on hand and short-term deposits with original maturities of three months or less that are readily convertible to a known amount of cash and which are subject to insignificant risk of changes in value.

**(l) Accrued Salaries**

Accrued salaries (see note 28 'Other liabilities') represents the amount due to staff but unpaid at the end of the financial year, as the pay date for the last pay period for that financial year does not coincide with the end of the financial year. Accrued salaries are settled within a fortnight of the financial year. Perth Theatre Trust considers the carrying amount of accrued salaries to be equivalent to its net fair value.

**(m) Amounts Receivable for Services (Holding Account)**

Perth Theatre Trust receives funding on an accrual basis that recognises the full annual cash and non-cash cost of services. The appropriations are paid partly in cash and partly as an asset (Holding Account receivable) that is accessible on the emergence of the cash funding requirement to cover items such as leave entitlements and asset replacement.

See also note 16 'Income from State Government' and note 20 'Amounts receivable for services'.

**(n) Inventories**

Inventories are measured at the lower of cost and net realisable value. Costs are assigned by the method most appropriate to each particular class of inventory, with the majority being valued on a first in first out basis.

Inventories not held for resale are valued at cost unless they are no longer required, in which case they are valued at net realisable value.

See note 18 'Inventories'.

**(o) Receivables**

Receivables are recognised and carried at original invoice amount less an allowance for any uncollectible amounts (i.e. impairment). The collectability of receivables is reviewed on an ongoing basis and any receivables identified as uncollectible are written-off. The allowance for uncollectible amounts (doubtful debts) is raised when there is objective evidence that Perth Theatre Trust will not be able to collect the debts. The carrying amount is equivalent to fair value as it is due for settlement within 30 days. See note 2(j) 'Financial Instruments' and note 19 'Receivables'.

**(p) Payables**

Payables are recognised at the amounts payable when Perth Theatre Trust becomes obliged to make future payments as a result of a purchase of assets or services. The carrying amount is equivalent to fair value, as they are generally settled within 30 days. See note 2(j) 'Financial Instruments' and note 25 'Payables'.

**(q) Provisions**

Provisions are liabilities of uncertain timing or amount and are recognised where there is a present legal, equitable or constructive obligation as a result of a past event and when the outflow of resources embodying economic benefits is probable and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each balance date. See note 27 'Provisions'.

**(i) Provisions - Employee Benefits**

*Annual Leave and Long Service Leave*

The liability for annual and long service leave expected to be settled within 12 months after the end of the balance sheet date is recognised and measured at the undiscounted amounts expected to be paid when the liabilities are settled. Annual and long service leave expected to be settled more than 12 months after the end of the balance sheet date is measured at the present value of amounts expected to be paid when the liabilities are settled. Leave liabilities are in respect of services provided by employees up to the balance sheet date.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

When assessing expected future payments consideration is given to expected future wage and salary levels including non-salary components such as employer superannuation contributions. In addition, the long service leave liability also considers the experience of employee departures and periods of service.

The expected future payments are discounted using market yields at the balance sheet date on national government bonds with terms to maturity that match, as closely as possible, the estimated future cash outflows.

Long service leave entitlements for permanent and casual employees are calculated based on the probability of employees reaching the required full term of 10 years continuous service., payable pro-rata after 7 years.

All annual leave and unconditional long service leave provisions are classified as current liabilities as Perth Theatre Trust does not have an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

*Superannuation*

The Government Employees Superannuation Board (GESB) administers the following superannuation schemes.

Employees may contribute to the Pension Scheme, a defined benefit pension scheme now closed to new members or the Gold State Superannuation Scheme (GSS), a defined benefit lump sum scheme also closed to new members.

Perth Theatre Trust has no liabilities under the Pension or the GSS Schemes. The liabilities for the unfunded Pension Scheme and the unfunded GSS Scheme transfer benefits due to members who transferred from the Pension Scheme are assumed by the Treasurer. All other GSS Scheme obligations are funded by concurrent contributions made by Perth Theatre Trust to the GESB. The concurrently funded part of the GSS Scheme is a defined contribution scheme as these contributions extinguish all liabilities in respect of the concurrently funded GSS Scheme obligations.

Employees commencing employment prior to 16 April 2007 who are not members of either the Pension or the GSS Schemes became non-contributory members of the West State Superannuation Scheme (WSS). Employees commencing employment on or after 16 April 2007 became members of the GESB Super Scheme (GESBS). Both of these schemes are accumulated schemes. Perth Theatre Trust makes concurrent contributions to GESB on behalf of employees in compliance with the Commonwealth Government's Superannuation Guarantee (Administration) Act 1992. These contributions extinguish the liability for superannuation charges in respect of the WSS and GESB Schemes.

The GESB makes all benefit payments in respect of the Pension and GSS Schemes, and is recouped by the Treasurer for the employer's share.

See also note 2(r) 'Superannuation Expense'.

**(ii) Provisions - Other**

*Employment On-Costs*

Employment on-costs, including workers' compensation insurance, are not employee benefits and are recognised separately as liabilities and expenses when the employment to which they relate has occurred. Employment on-costs are included as part of 'Other expenses' and are not included as part of Perth Theatre Trust's 'Employee benefits expense'. The related liability is included in 'Employment on-costs provision'. See note 9 'Other expenses' and note 27 'Provisions'.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

---

**(r) Superannuation Expense**

The following elements are included in calculating the superannuation expense in the Income Statement:

(i) Defined contribution plans - Employer contributions paid to the Gold States Superannuation Scheme (GSS), the West State Superannuation Scheme (WSS), and the GESB Super Scheme (GESBS).

The superannuation expense does not include payment of pensions to retirees, as this does not constitute part of the cost of services provided in the current year.

The GSS Scheme is a defined benefit scheme for the purpose of employees and whole-of-government reporting. However, apart from the transfer benefit, it is a defined contribution plan for agency purposes because the concurrent contributions (defined contributions) made by the agency to GESB extinguishes the agency's obligations to the related superannuation liability.

Superannuation costs incurred under the venue management contract have been included in the Income Statement.

**(s) Resources Received Free of Charge or for Nominal Cost**

Resources received free of charge or for nominal cost that can be reliably measured are recognised as income and as assets or expenses as appropriate, at fair value.

**(t) Comparative Figures**

Comparative figures are, where appropriate, reclassified to be comparable with the figures presented in the current financial year.

**(u) Department of Culture and the Arts**

The Department provides staff and other support to agencies in the Culture and the Arts portfolio. The Department receives an appropriation for salary costs, superannuation and fringe benefits tax. These resources, provided to the Board, but paid for by the Department, have been treated as "Resources received free of charge" in the Income Statement under the item "Income from State Government".

In addition the Department also provides shared corporate services to Perth Theatre Trust which are not recognised in the Income Statement.

**3. Disclosure of changes in accounting policy and estimates**

**Initial application of an Australian Accounting Standard**

Perth Theatre Trust has applied the following Australian Accounting Standards and Australian Accounting Interpretations effective for annual reporting periods beginning on or after 1 July 2007 that have impacted on Perth Theatre Trust:

1. AASB 7 'Financial Instruments: Disclosures' (including consequential amendments in AASB 2005-10 'Amendments to Australian Accounting Standards [AASB 132, AASB 101, AASB 114, AASB 117, AASB 133, AASB 139, AASB 1, AASB 4, AASB 1023, & AASB 1038]'). This Standard requires new disclosures in relation to financial instruments and while there is no financial impact, the changes have resulted in increased disclosures, both quantitative and qualitative, of Perth Theatre Trust's exposure to risks, including enhanced disclosure regarding components of Perth Theatre Trust's financial position and performance, and changes to the way of presenting certain items in the notes to the financial statements.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

**Voluntary changes in Accounting Policy**

Effective 1 July 2007, Perth Theatre Trust made a change in capitalisation threshold of assets from \$1,000 to \$5,000. In accordance with the AASB 108.29, this had a retrospective impact of reducing the accumulated surplus by \$894,000 and will have a longer term effect of less than budgeted depreciation expense in future years.

**Future impact of Australian Accounting Standards not yet operative**

Perth Theatre Trust cannot early adopt an Australian Accounting Standard or Australian Accounting Interpretation unless specifically permitted by TI 1101 'Application of Australian Accounting Standards and Other Pronouncements'. Consequently, Perth Theatre Trust has not applied the following Australian Accounting Standards and Australian Accounting Interpretations that have been issued but not yet effective. These will be applied from their application date.

Title	Operative for reporting period beginning on/after
AASB 101 'Presentation of Financial Statements' (September 2007). This Standard has been revised and will change the structure of the financial statements. These changes will require that owner changes in equity are presented separately from non owner changes in equity. Perth Theatre Trust does not expect any financial impact when the Standard is first applied.	1 January 2009
Following a review the AASB has made the following pronouncements:	
AASB 1004 'Contributions' (December 2007).	1 July 2008
AASB 1052 'Disaggregated Disclosures' (December 2007).	1 July 2008

The valuations were performed during the year ended 30 June 2008 and recognised at 30 June 2008. In undertaking the revaluation, fair value of land and buildings was determined on the basis of depreciated replacement cost. See Note 2(f) 'Property, Plant and Equipment'.

Perth Theatre Trust has operating leases for buildings. The property leases are non-cancellable leases with various terms as detailed below, with rent payable monthly in advance. Contingent rental provisions within the lease agreements require that minimum lease payments shall be increased by the lower of CPI or 4% per annum. An option exists to renew the leases at the end of the terms.

The Playhouse is leased through Perth Diocesan Trustees and expires on 31 December 2008. An agreement has been reached with Perth Diocesan Trustees and Perth Theatre Trust to extend the lease until 30 June 2010. BOCS Administration is leased through Investa Properties Ltd and expires on 30 April 2010. The Perth Concert Hall is leased through City of Perth and expires on 1 March 2009. The leases for Perth Concert Hall and Subiaco Arts Centre are operated under peppercorn rent arrangements. Under the arrangements for these leases, the lessor effectively retains all of the risks and benefits incidental to ownership of the items held under the ownership leases. Equal instalments of the lease payments are charged to the Income Statement over the lease term as this is representative of the pattern of benefits

These commitments are all inclusive of GST.

	<b>\$ 000</b>	<b>\$ 000</b>	<b>\$ 000</b>

Employee benefits expense

The increase resulted from increased activity at the venues, extra food and beverage functions and the addition of the General Manager and Administrative Assistant transferred from the Department of Culture and the Arts.

Supplies and services

The variance is because of increased event and function activity resulting in increased postage and bank fee charges. The change in asset threshold has also resulted in an increase in minor equipment costs of assets that were previously capitalised.

Accommodation expenses

The variance has resulted due to increased maintenance costs on aging buildings.

Other expenses

The reduction is a result of reduced sponsorship expenditure at His Majesty Theatre Foundation.

User charges and fees

An anticipated decrease in activity did not eventuate during 2007/08.

Sales

The increase was due to increased event and function activity at the venues.

Sponsorship

The increase is due to increased sponsorship received by His Majesty's Theatre Foundation.

Interest revenue

Delays in spending capital works and strategic maintenance funds because of delays in tendering led to an increased bank balance during the year which resulted in higher than anticipated revenue in this area.

Other revenue

Increased event activity lead to increased car parking revenue.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

**34. Financial Instruments**

**(a) Financial Risk Management Objectives and Policies**

Financial Instruments held by Perth Theatre Trust are cash and cash equivalents, restricted cash and cash equivalents, receivables and payables. Perth Theatre Trust has limited exposure to financial risks. Perth Theatre Trust's overall risk management program focuses on managing the risks identified below.

*Credit Risk*

Credit risk arises when there is the possibility of Perth Theatre Trust's receivables defaulting on their contractual obligations resulting in financial loss to Perth Theatre Trust. Perth Theatre Trust measures credit risk on a fair value basis and monitors risk on a regular basis.

**PERTH THEATRE TRUST**  
**Notes to the Financial Statements**  
**for the year ended 30 June 2008**

The maximum exposure to credit risk at balance sheet date in relation to each class of recognised financial assets is the gross carrying amount of those assets inclusive of any provisions for impairment as shown in the table below.

Credit risk associated with Perth Theatre Trust's financial assets is minimal. For receivables other than government Perth Theatre Trust trades only with recognised, creditworthy third parties. Perth Theatre Trust has policies in place to ensure that sales of products and services are made to customers with an appropriate credit history. In addition, receivable balances are monitored on an ongoing basis with the result that Perth Theatre Trust's exposure to bad debts is minimal. There are no significant concentrations of credit risk.

Provision for impairment of financial assets is calculated based on past experience, and current and expected changes in client credit ratings. For financial assets that are either past due or impaired, refer to Note 24 'Receivables'.

*Liquidity Risk*

Perth Theatre Trust is exposed to liquidity risk through its trading in the normal course of business. Liquidity risk arises when Perth Theatre Trust is unable to meet its financial obligations as they fall due.

Perth Theatre Trust has appropriate procedures to manage cash flows including drawdowns of appropriation by monitoring forecast cash flows to ensure that sufficient funds are available to meet its commitments.

*Market risk*

Other than as detailed in the Interest rate sensitivity analysis table, Perth Theatre Trust is not exposed to interest rate risk because it has no borrowings.
